

MONTANA & GLACIER NATIONAL PARK

August 22 - 28, 2019/ 7 Day-Fly

Travel through the splendor that is Big Sky Country. This trip will take us to the craggy peaks and alpine vistas in Glacier National Park, and many fascinating places between. Take this chance to see wildlife in natural habitats and meet those helping them to survive. Learn of the native peoples past and present. Delve into the mining, ranching and agricultural areas that helped build Montana. Cruise the Missouri River on the path of Lewis & Clark. A National Park, wildlife and friendly locals are the allure of this summer adventure.
